Why Social Media??

- Social media tools allow users to create, share or exchange information, ideas, pictures, and videos among virtual communities.
- Social media platforms are built on the ideological, and technological foundations of Web 2.0, and allow creation and exchange of user-generated contents.
- Social media activities are closely linked with mobile and web-based technologies to create highly interactive platforms.
- Social media brought substantial and pervasive changes in communication among individuals and communities. Gradually, it started working as a communication tool among businesses, and organizations.
- Social media differ from traditional media with higher amount of reach, frequency, usability, immediacy, and permanence.
- Social media operate in a dialogic transmission system.

Social Media Optimization

- ❑ Social media optimization (SMO) is the optimum use of social media platforms to increase awareness of products, brands or events.
- ❑ Social media include RSS feeds, social news, bookmarking sites, as well as popular social networking sites, such as FB, Twitter, Pinterest, blogging sites and more.
- ❑ Key factors for a successful social media launch as follows;
 - Successful and aggressive initial networking, and follow up.
 - Ability to implement an integrated social media strategy
 - Ability to create compelling contents and blogs
 - Ability to find time to interact with users via Twitter, Facebook, LinkedIn, YouTube, Pinterest and other popular platforms.
 - Frequent optimization of methodologies to increase the ROI.

Our Services

- Setting up business pages in popular social networking sites.
- Reviewing target markets, and updating pages based on your business.
- Monitoring postings in social media pages, and ensuring positive benefits out of social media exposure.
- Periodical review of your social media accounts, fine tune strategies for better maintenance of social media accounts, and monitor your accounts from loss of reputation, if any.
- Performing integration of social media accounts to reap full benefits out of your all social media activities.
- Setting up and managing paid advertisement in popular social media platforms.

Social Media Integration

- The act of spreading your brand across all your popular social media platforms, and being active on all platforms simultaneously.
- Social media integration brings more benefits to your company's marketing and branding efforts.

How to Integrate Social Media?

- ✓ Integrating all social media accounts
- ✓ Integrating social media into website.
- ✓ Adding Social Share Buttons to Blog
- ✓ Adding Facebook Comments to Website
- ✓ Adding Follow Button on Web Page
